## USER GUIDE

## STRENGTHENING SHAMPOO

### STEP 1:

In the shower, wet your hair with warm water (*never with very hot water, as you might dry out your hair*).

### STEP 2:

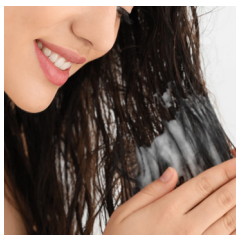

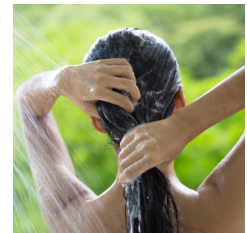

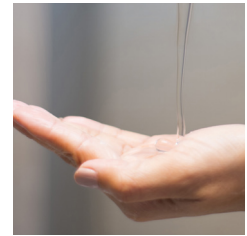

Pour a generous amount of shampoo – the equivalent of a tablespoon full – into the palm of your hand. Don't overdo it!

### STEP 3:

Spread the shampoo across your palms, apply it to your head, and gently massage the shampoo into your scalp with your fingertips. Make sure to spread it all over.

### STEP 4:

Rinse well, with plenty of warm or cold water.

## REPAIRING CONDITIONER

### STEP 1:

Pour a generous amount of conditioner – the equivalent of a tablespoon full – into the palm of your hand. Don't overdo it!

### STEP 2:

Spread the conditioner across your palms and apply to your damp hair, from medium to tip.

### STEP 3:

Leave it in for at least 1 minute to get the maximum benefit.

### STEP 4:

Rinse well with plenty of warm or cold water.

## PROTECTIVE OIL

### STEP 1:

Pour 2 to 4 drops of oil into the palm of your hand.

### STEP 2:

Spread the oil across your palms and apply it to your damp or dry hair, from medium to tip.

### STEP 3:

Do not rinse.

## WONDER BRUSH

### STEP 1:

Part your hair into sections.

### STEP 2:

Always start brushing at the ends, moving towards the scalp, to eliminate tangles. We suggest not brushing your hair when it's wet, because it can break more easily. It is ideal to use Wonder Brush before taking a bath/shower and before going to sleep.

## STRENGTHENING SHAMPOO BENEFITS

Strengthens hair from the root.

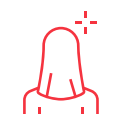

Promotes healthy hair growth.

Intensely hydrates the scalp.

Provides hair nutrition.

Promotes smooth hair.

Gently removes impurities.

Free of sulfates, parabens, and silicones.

## REPAIRING CONDITIONER BENEFITS

Creates silky smooth hair.

Detangles and gives hair body.

Prevents split ends.

Promotes optimal hair hydration.

Free of sulfates, parabens, and silicones.

## PROTECTIVE OIL BENEFITS

Provides thermo-protection to your hair.

Prevents unwanted volume.

Controls frizz.

Makes hair super shiny.

Does not cause hair to feel greasy.

Free of sulfates and parabens.

## WONDER BRUSH BENEFITS

Since the bristles reach the roots of your hair, it allows naturally produced oils to be distributed.

Massages the scalp to promote blood circulation.

Helps detangle hair without causing breakage.

Does not generate static electricity.
